The number of Policies issued annually has been nearly trebled during the last six years.
Five-sixths of the profits are divided amongst the assured. At the last Septennial Division a Bonus, amounting in many cases to half the premiums paid, was declared.
Policies may be made indisputable after five years.
Prospectuses, &c. forwarded, on application to
EDWARD F. SEALY, Manager.

CLERICAL, MEDICAL, and GENERAL LIFE-ASSURANCE SOCIETY.
ADVANTAGES OFFERED.
EXTENSION OF LIMITS OF RESIDENCE.—The assured may reside in most parts of the world, without extra charge, and in all parts by payment of a small extra premium.
MUTUAL SYSTEM WITHOUT THE RISK OF PARTNERSHIP.
The small share of Profit divisible in future among the Shareholders being now provided for, without intrenching on the amount made by the regular business, the assured will hereafter derive all the benefits obtainable from a Mutual Office, with at the same time complete freedom from liability, secured by means of an ample Proprietary Capital, thus combining in the same office all the advantages of both systems.
The Assurance Fund already invested amounts to 850,000l. and the income exceeds 136,000l. per annum.
CREDIT SYSTEM.—On Policies for the whole of Life, one half of the Annual Premiums for the first five years may remain on credit, and may either continue as a debt on the Policy, or may be paid off at any time.
LOANS.—Loans are advanced on Policies which have been in existence five years and upwards, to the extent of nine-tenths of their value.
BONUSES.—Five Bonuses have been declared; at the last in January 1852, the sum of 131,125l. was added to the Policies, producing a Bonus varying with the different ages from 24½ to 55 per cent. on the Premiums paid during the five years.
PARTICIPATION IN PROFITS.—Policies participate in the Profits in proportion to the number and amount of the Premiums paid between every division, so that if only one year's Premium be received prior to the books being closed for any division, the Policy on which it was paid will obtain its due share. The books close for the next division on 30th June, 1856, therefore those who effect Policies before the 30th June next, will be entitled to one year's additional share of Profits over later assurers.
APPLICATION OF BONUSES.—The next and future Bonuses may be either received in cash, or applied at the option of the assured in any other way.
NON-PARTICIPATING.—Assurances may be effected for a Fixed Sum, at considerably reduced rates, and the Premiums for Term Policies are lower than at most other Safe Offices.
PROMPT SETTLEMENT OF CLAIMS.—Claims paid thirty days after proof of death, and all Policies are *Indisputable* except in cases of fraud.
INVALID LIVES may be assured at rates proportioned to the increased risk.
POLICIES are granted on the lives of persons in any station, and of every age, and for any sum on one life from 20l. to 10,000l.
PREMIUMS may be paid yearly, half-yearly, or quarterly; but if a payment be omitted from any cause, the Policy can be revived within *fourteen* months.
The Accounts and Balance Sheets are at all times open to the inspection of the Assured, or of *persons desirous to assure.*
A copy of the last Report, with a Prospectus and Forms of Proposal, can be obtained of any of the Society's Agents, or will be forwarded free by addressing a line to
GEORGE H. PINCKARD, Resident Secretary.

LIFE DEPARTMENT.—Under the provisions of an Act of Parliament, this Company now offers to future Insurers Four-fifths of the Profits, with Quinquennial Division, or a Low Rate of Premium, without participation of Profits.
The next division of Profits will be declared in June 1855, when all Participating Policies which shall have subsisted at least one year at Christmas 1854 will be allowed to share in the Profits.
At the several past Divisions of Profits made by this Company, the Reversionary Bonuses added to the Policies from One-Half the Profits amounted, on an average of the different ages, to about One per Cent. per Annum on the sums insured, and the total Bonuses added at the four Septennial Divisions exceeded 770,000l.
FOREIGN RISKS.—The Extra Premiums required for the East and West Indies, the British Colonies, and the northern parts of the United States of America, have been materially reduced.
INVALID LIVES.—Persons who are not in such sound health as would enable them to insure their Lives at the Tabular Premiums, may have their Lives insured at Extra Premiums.
LOANS granted on Life Policies to the extent of their values, provided such Policies shall have been effected a sufficient time to have attained in each case a value not under 50l.
ASSIGNMENTS of POLICIES.—Written Notices of, received and registered.
Notice is hereby given, that Fire Policies which expire at Christmas must be renewed within fifteen days at this Office, or with Mr. SAMS, No. 1, St. James-street, corner of Pall-mall; or with the Company's Agents throughout the Kingdom, otherwise they become void.
